

LETTER FROM THE  
**TOOTH FAIRY**

Dear \_\_\_\_\_

*I heard you lost a tooth,  
I remember watching and seeing it was loose!*

*You were so excited to see it out,  
I loved seeing you happily scream and shout!*

*Each tooth that you lose is special as can be,  
They all come back to stay with me!*

*I love surprising you with some pixie dust,  
Because leaving it under your pillow is a must!*

*Without waking you I magically get your tooth,  
I promise you that you don't move a peep, that's the truth!*

*I leave behind something special just for you,  
And quickly off I go hoping you'll be excited about the something new!*

*Maybe it's money, toys or a special book,  
But you'll be the first to take a look!*

*It's always fun for me to leave my magic behind,  
Just always remember to be super kind!*

*I'll keep coming back with each tooth that you lose,  
But you ultimately get to choose!*

XO,

*Tooth Fairy*
